Mei was so \_\_\_\_\_(6). All her classmates were looking at her. She felt like crying. Puan Salmah asked her to take her bag and wait outside. The principal, Mr Chong, called her to the office.

There, he told her, "What you have done is serious. We have phoned your father. He will be coming soon."

Mei's father came ten minutes later. \_\_\_\_\_(7)  
 But Mr Chong explained to him. "It is more important to guide our children rather than force them to get good grades. \_\_\_\_\_(8)" As for Mei, she could not stop sobbing in the office. She also \_\_\_\_\_(9).

After that incident, Mei took her studies seriously. She \_\_\_\_\_(10). I must say that she does quite well in class tests. She is getting 55% or 60% for her tests. There is no need for her to cheat during tests again.
