

## Blackpink Born Pink tour is a HOT MESS

Blackpink had their very  concert in Seoul, kicking off their tour and “boy did a lot happen”.

From the whole  being unsynchronized and offbeat, lipsyncing and bumping into one another to Jenny performing one of her unreleased songs, Lisa pole  on  and Jisoo performing Liar by Camila Cabello is enough to say that this concert has been full of surprises and this is only day one of their tour.

Also, a few K-pop idols were spotted at their concert. We had Minnie from (G)I-DLE, haft of TWICE members were there, Lia and Yuna from ITZY were also spotted there and Lisa’s  came to support her.
