

A Weekend Vacation

Next month Jessica and her best friend are renting a cabin near a lake for the weekend. Jessica needs $375.00. She can take $200.00 out of her savings account but still needs $175.00. To prepare for her vacation, Jessica saved money by cutting her spending on entertainment and clothes. She budgeted $100.00 on entertainment and $153.00 for clothes.

Revised Budget for this month			
Variable Expenses	Amount	Vacation	What's left
entertainment	$200.00	$100.00	$100.00
clothes	$228.50	$75.00	$153.50
