Hi Jane,

How are you? I'm sending you my potato salad recipe. 1) How **many/few** guests are coming anyway? I'm guessing four or five. This recipe serves six. If you have a 2) **lot/lots** of people over, you need to adjust the recipe, to make sure you have 3) **plenty/many** of food for everyone.

This recipe is great because it is 4) **either/both** delicious and quite a healthy option. Once you've got everything, cook the potatoes gently in water for 20 minutes then drain them. Next, mix them with the oil and add as 5) **much/many** salt and pepper as you want. If you want, you can add 6) a **little/a few** mayonnaise. So, the 7) **all/whole** thing should take about half an hour to prepare.

It's a simple but delicious dish, and I'm sure 8) **each/ every** one of your guests will love it. Let me know how it goes.

All the best,

Maria
