#### 4. Read the text and give full answers.

Physical education is my favorite subject in school. This does not mean that I do not like to study – in mathematics, history and other subjects I do well. But I really like to move: run, jump, climb the rope and the Swedish wall. At home, I do exercises every morning. My dad is fond of yoga, but says that many exercises of those that he does, I can not

perform because of age. In addition, my skeleton is not yet fully formed. But my dad picks me up a set of exercises to develop the flexibility and muscle strength that I do every day. I want to grow strong, beautiful and healthy and I know that physical education will help me in this.
