PEWARISAN SIFAT

INHERITANCE OBSERVATION SHEET

DESTINATION

1. EXPLAIN THE DIFFERENT TYPES OF PHENOTYPES
2. IDENTIFY THE NATURE OF THE PHENOTYPE

NAMES OF GROUP MEMBERS :

THEORY

: PEWARISAN SIFAT

INHERITANCE OBSERVATION SHEET

OBSERVATION STEPS:

1. Make observations on the plants that have been distributed to each group
2. Observe the phenotype and describe properties
3. Present to each group

research question :

1. Based on your observations, are there any differences in the prototyping properties of similar plants?
2. Describe some of the differences in these phenotypic traits.

answer :
