International Women's Day (IWD) is a global event that takes place every year on 8th March. It is the occasion to reflect on the progress made in women's rights and celebrate the achievements of women all over the world. It was first observed in New York in 1908, when 15,000 people marched through New York city. They campaigned for shorter working hours, better

working conditions and better pay. Later, on 8th March, 1911, in Austria, Denmark, Germany and Switzerland, more than one million women and men came together to support women's rights. They demanded that women should be allowed to vote, hold public office and get proper training for jobs. The United Nations decided to officially celebrate IWD in 1975 and it has included an official theme for International Women's Day since 1996. For 2022, the UN given theme is "Gender equality today for a sustainable tomorrow", which aims to recognize women who are working to build a more sustainable future. A lot of special events take place all over the world to celebrate IWD. There are exhibitions, theatre shows, talks, discussions, workshops, fun runs and so much more. All the events are designed to celebrate the role of women in society and to make us all think about the changes that still need to take place to ensure the world is a fair and equal place for all its citizens.

Read the following passage about Susan B. Anthony. Mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the questions

Susan Brownell Anthony was born on February 15, 1820, in Massachusetts. When she was seven years old, her family moved to New York. Susan received her education at a school her father ran. As soon as Susan finished school, she went right to work. She became a teacher in New York in 1839. In those days, very few women worked outside their homes. While Susan was teaching there, she earned just one-fifth of the pay a man got in the same job. She knew this was not fair. Susan wanted fair treatment as well as equal pay, so she devoted herself to the rights of women and supported complete equality between men and women. In 1851, Susan met Elizabeth Cady Stanton. They became very good friends and worked together for over 50 years fighting for women's rights. In 1868, Susan, together with Elizabeth, published *The Revolution*, which was a weekly journal about women's rights and suffrage. At that time, women were not given the vote because they were considered to be

'incapable of rational thought'. She became vice-president-at-large of the National Woman's Suffrage Association (NWSA) from 1869 until 1892, when she became president. On November 5th, 1872, Susan was arrested for voting illegally in the presidential election. She was charged a fine but she wouldn't pay it. When Susan died on March 13th, 1906, women in four states had the right to vote. Fourteen years later, the Nineteenth Amendment gave all American women that right. Susan B. Anthony was honored on the US dollar coin in 1979.
