

EL SISTEMA SOLAR

A diagram of the Solar System on a dark blue background with white stars. The Sun is a large, glowing orange-yellow sphere in the center. Eight planets are shown on elliptical orbits around the Sun. From left to right, the planets are: Saturn (orange and white rings), Venus (yellowish-green), Earth (blue and white), Mars (red), Jupiter (orange and white), Uranus (light blue), Neptune (dark blue), and Pluto (small, reddish-brown). The orbits are represented by thin white lines.
