

LET'S HELP A TIME TRAVELER

Dear _____

I am the doctor and I invented this time machine with the shape of a blue telephone box.

I come from the past and I am a bit lost, can you tell me what day is it today?

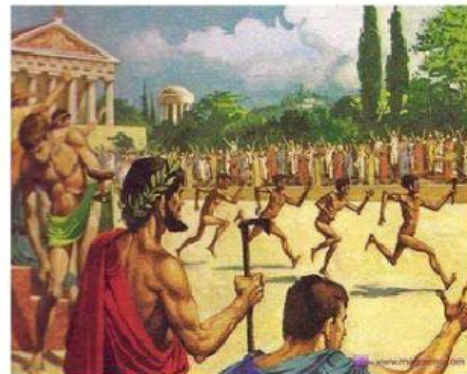

There is a big problem and I need your help! I think that my visits to the past have changed HISTORY. I need you to travel with me and tell me what is correct or not.

Are you coming with me? Yes? Oh, thank you very much!! Let's go! Come on in, history is waiting for us!

In the castle there are nobles playing chess.

There are some kids reading a book.

There are knights hunting.

The serfs are listening to music.

Everything seems correct! Now that we have some free time, can you tell me about your hobbies? Compare your hobbies with the medieval hobbies.
