

Listening Assessment Objectives

Name: _____ Class: _____ Date: _____

Listening Assessment 1 & 2	☐ and retrieve facts and ☐ & understand relevant information. The start of the listening test asks students to listen to ☐ short recordings and answer questions on each to show they can select ☐ information and identify follow on information.
Listening Assessment 3	Recognise, understand and ☐ connections between ideas, ☐ and attitudes. During the listening test, students will be asked to listen to ☐ short extracts and ☐ each speaker to their opinion, based on comments that each one makes about a particular topic or issue. Give your students vital practice in recognising ideas, opinions and attitudes
Listening Assessment 4	Understand what is ☐ but not actually stated. students listen for inference and give them confidence tackling ☐ questions. It is useful practice as it demonstrates the 2 types of multiple-choice questions that students may receive. Some will be worded as questions that need a response while the others will require them to complete an ☐ sentence.
