

# POCKET MONEY

## Did you know?

**1** Most teenagers receive pocket money every week. But not everyone gets the same amount of money. Have you asked your friends how much they get? You might be surprised. And if you're a girl you'll be amazed to learn that boys often get more than girls of the same age!

**2** Teenagers up to the age of about 15 in the UK have about £5 a week in pocket money. But in Italy, France and Spain, the same age-group gets about €9, which is a bit more. In the US, pocket money is called 'an allowance'. Most teenagers get an allowance of about \$30, which is more than £20 or €25.

**3** Quite a lot of teenagers do. They have to do things in the house, like washing-up and cleaning and then they get their pocket money. If they don't do the jobs, they don't get the money. Some teenagers have part-time jobs too, which means they have more than their pocket money to spend each week.

**4** You might be surprised at the answer. Teenagers in the UK spend more of their money on food than on clothes. Is that true for you too? Teens do more shopping online than before and online clothes shopping is cheaper. So perhaps this is one reason they don't spend so much on clothes.

**5** Some parents do! They only let them buy some things. Other parents want their teens to save all their pocket money and spend it on something big in the future, or not spend it at all.
