The food was great and the view was an added bonus. We got there about 15 min after opening and there was already a line forming! i think we waited about 25 min or so to order. Make sure you decide what to get before you get to the front for to speed up the process!

Friendly staff, overall great experience but would absolutely return for just the food. Definitely a stop I would make the next time I'm in Victoria!

Poutine and cod and chips

the French fries / chips tasted very old and not fresh at all
Also when I called the restaurant I got a voicemail that said the restaurant only takes online orders for take out only
I trusted the reviews
I usually double check my food from a restaurant when I take out food from any restaurant
If I had checked the food before I left the restaurant I would have asked for a refund!
I spent almost \$100 on the food
My first time to this restaurant and my last !!
