She has a(n) \_\_\_\_\_

(gigantic/average) doll.

Read the passage. Then choose the correct answer.[20-23]

Long ago, armies did not have guns. Soldiers fought with their bodies. They used their hands and feet. Sometimes they had weapons. Sometimes they did not.

Soldiers had to be very fast. They practiced moving their bodies. They invented fighting styles. These became martial arts.

Today, martial arts are still popular. They are great for exercise. They are good for your health. They also help people protect themselves.
