

## It's Finally Christmas by Sabrina Carpenter

\_\_\_\_\_ on the bedroom window

\_\_\_\_\_ falling on the ground

The leaves are gone for \_\_\_\_\_

But I feel the \_\_\_\_\_ all around

And no matter what's underneath the tree

It's the time we share that means the most to me

We've been waiting so long

To decorate the tree, sing holiday songs - It's all around us

It's finally Christmas

We've been waiting all year for \_\_\_\_\_ and good cheer

And now it's all around us - It's finally Christmas

Cozy by the \_\_\_\_\_

We've got nowhere to go

The \_\_\_\_\_ are glowing amber

It feels so good to be home

And no matter what's underneath the tree

It's the time we \_\_\_\_\_ that means the most to me

We've been waiting so long

To decorate the tree, sing holiday songs

It's all around us - It's finally Christmas

We've been waiting all year for mistletoe and good cheer

And now it's all around us - It's finally Christmas

The sleigh \_\_\_\_\_ are ringing

The \_\_\_\_\_ are singing

It's finally Christmas

So many reasons that it's my favorite \_\_\_\_\_

We've been waiting so long

To decorate the tree, sing holiday songs

It's all around us - It's finally Christmas

We've been waiting all year for mistletoe and good cheer

And now it's all around us - It's finally Christmas

It's finally Christmas
