

I hate feelingthis
I'm so tired of trying to fight this
I'm asleep and all I of
Is waking to you
Tell me that you will
Your touch is what I'm missing
And the more I hide I I'm slowly losing you
Comatose
I'll neverup without an overdose of you
I don't wanna
I don't wanna breathe
'Less I feel you to me

You take the pain I feel
Waking up to youfelt so real
I don't wanna
I don't wanna
'Cause my dreams don't comfort me
The..... you make me feel
Waking up to you felt so real
I hate living you
Dead wrong to ever doubt you
But my demons lay in waiting
Tempting me away

Oh how I adore
Oh how I thirst for you
Oh how I you
Breathing life
Waking up
My open up
