

I hate feelingthis	You take the pain I feel
I'm so tired of trying to fight this	Waking up to youfelt so real
I'm asleep and all Iof	I don't wanna
Is waking to you	Oh how I adore
Tell me that you will	I don't wanna
Your touch is what I'm missing	Oh how I thirst for you
And the more I hide I I'm slowly losing you	'Cause my dreams don't comfort me
Comatose	The..... you make me feel
I'll neverup without an overdose of you	Waking up to you felt so real
I don't wanna	I hate living
I don't wanna breathe	Dead wrong to ever doubt you
'Less I feel you to me	But my demons lay in waiting
	Tempting me away
