It can also (34)_____ damage to crops which in turn may (35)_____ in food poverty.

Read the following passage. Write TRUE if the statement is true, FALSE if the statement is false, or NI if there is no information on this. (5 questions)

The Great Smog of London was the deadly smog that covered London for five days from December 5 to December 9 in 1952. This was caused by industrial pollution and severe weather conditions. On this occasion, many daily activities had to stop and around 12,000 people died because of breathing problems. After this event, the seriousness of air pollution in London became undeniable and four years later, the Clean Air Act was passed to control air pollution. This law set up smoke-free areas in the city and restricted the burning of coal in domestic fires and factories.

| Answers | True | False | Not given |
|--|-----------------------|-----------------------|-----------------------|
| 36. Despite the Smog, people went on with their daily activities. | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
