

CHRISTMAS * XMAS

We wish you a Merry Christmas!

Christmas is celebrated at the end of December. People bring **Christmas trees** to their homes, decorate them with **lights** and **ornaments** and place **presents** around them. Family members and friends meet to give presents to each other.

In the Czech Republic, we meet for **Christmas dinner** on **Christmas Eve** - 24th December. For dinner, families usually have **fried carp with potato salad** and many types of **Christmas cookies** and **gingerbread**. After dinner, people open their presents, sing, or listen to **Christmas carols** and spend time together.
