

HOMEMADE EDIBLE PLAYDOUGH

1.- Watch the [video](#) and put the instructions in order.

	Use gloves if you do not want your hand to stain.
	Repeat the colouring step with the two dough pieces left.
	Drop the dough onto the clean surface.
	Turn off the heat.
	Keep mixing till it turns into dough.
	Add the flour, the vegetable oil and the cream of tartar.
	Add more flour if it doesn't turn into dough.
	Sprinkle some flour onto your hands.
	Use a spatula to mix it up.
	Roll the dough a bit.
	Stop mixing and remove the dough from the pot.
	Make sure the heat is on low if you don't want it simmer.
	Add food colouring to one of the pieces of dough.
	Sprinkle on more flour if it is sticky.
	Knead the dough.
	Sprinkle some flour on a clean surface to work on.
	Mix the dough up. Fold it and knead until it turns into the wished colour.
	Stir the salt in the water until it dissolves.
	Pour the water into a pot on the cooker.
	Separate the dough into three pieces.
	Add the salt.
