

go have live are play

I

Hi, my name is Elsa.

I'm thirteen years old and Iin a castle with my family. I got a mother, father, and a very funny and kind sister Anna.

Every day we study in a school, for a walk, in the garden, do sports. I'm in class 8A and Anna is in class 5B. My favourite subjects Maths, History, Magic and Social Studies. I don't like PE and Physics.

II

I walk to school with Anna. We leave home at half past eight. School starts at a quarter to nine. And our first lesson starts at nine o'clock.

School finishes at half past three. After school Anna and me go home to the palace and I do my homework before dinner. In the evening I read a book and I practise the piano, too.

On Thursdays I don't go home at half past three. I have a piano lesson at school. I'm not very good at it yet, but I really like it.

On Saturday mornings Anna and I play board games and then we play in the park.
