They wished upon a star,

Three wisemen traveled far to .....,

A babe who was born to be King,

A ..... in heavens dreams,

That made the prophet's words complete,

And the angels began to sing,

We ..... to the sky,

Follow the light,

Love's greatest gift had come to us that night,

Can you feel the spirit in the air, giving love to ..... everywhere,

Celebrate our Saviors here,

This is Christmas,

Hallelujah's echoing .....,

Now everything will be alright,

Celebrate our saviors here,

This is Christmas,

I .....you've seen sometimes, when joy has been so hard to find,

And life seems to take all your faith,

But we're dreaming heavens dreams, and we're finding ..... within our heart,

To believe that there's ..... then we see,

We ..... to the sky,

Follow the light,

Love's greatest gift has come again .....,

There's no greater gift then the ..... that you gave,

All the hatred, rearranging,

Spread all the love
