Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct word or phrase that best fits each of the numbered blanks.

Schools play an important part in the infrastructure of communities, so what should they do to reduce the limit of the spread of COVID-19? Schools (21) _____ educate teachers, staff, and families about when they and their children should stay home and when they can return to school. During the COVID-19 pandemic, it is essential (22) _____ parents keep children home if they are showing signs and symptoms of COVID-19 and get them tested. Students, teachers, and staff who have (23) _____ of infectious illness, such as flu or COVID-19, should stay home and be referred to their healthcare provider for testing and care, (24) _____ of vaccination status. Staying home when sick with COVID-19 is essential to keep COVID-19 infections out of schools and prevent spread to (25) _____. Schools should also allow flexible and supportive paid sick leave policies. If a school does not have a routine screening testing program, the ability to do rapid testing on site could facilitate COVID-19 diagnosis.
