

Take my ....., take them aside  
Take my face, and desecrate  
My ..... and legs  
They get in the way  
And take my ....., they'll understand  
Take my ....., pull it apart  
And take my ....., or what remains  
And throw it all away  
**'Cause I've grown tired of this body**  
**A cumbersome and .....body**

Take my ....., take them and run  
Take my ....., go have some fun  
And take the ....., take them and disappear  
Take my joints, take them for points  
Take my ....., tear through my cheeks  
And take the ....., go and dispose  
Oh, would you go dispose, just go dispose  
**I've grown tired of this body**  
**Fall apart ..... me body**
