### READING 2

#### I. Read and decide T (true)/ F (false) for each statement.

Watching television is an interesting and fun activity. The word television is often shortened to TV. On TV you can watch many different programs about a wide range of things. Some examples of TV programs are news, cartoons, reality shows, sports, documentaries and soap operas.

There are several channels which show different TV programs. In Vietnam, the main channels are called “VTV1”, “VTV2”, and “VTV3”. TV guides tell us what programs are showing on which channel, and at what time on a particular day.

Most programs on TV are episodes that are part of a series. These episodes usually last for about 30 minutes or full hour. At the weekend, there are lots of interesting movies on TV. Now you don't need to go to the cinema. You can watch films at home. It's so comfortable.

You can learn a lot from watching TV but you should not watch too much or you will hurt your eyes.
