Wind Of Change

Scorpions

I the Moskva
Down to Gorky Park
..... to the wind of change
An August summer night
..... passing by
..... to the wind of change

The world is in
Did you ever
That we be so close, like
The future's in the air
I can feel it
Blowing with the wind of change

Take me to the of the moment
On a glory
Where the children of tomorrow dream
In the wind of change

..... down the street
Distant memories
Are in the past forever
I the Moskva
Down to Gorky Park
..... to the wind of change

Take me to the of the moment
On a glory
Where the children of tomorrow share their
With you and me

Take me to the of the moment
On a glory
Where the children of tomorrow dream
In the wind of change

The wind of change
Blows into the face of time
Like a stormwind that will ring
The bell for peace of mind
Let your balalaika sing
What my guitar wants to say

Still Loving You

Scorpions

Time, it time
To win back your again
I will be there, I will be there
Love, only love
Can back your love someday
I will be there, I will be there

....., babe, I'll fight
To win your love again
I will be there, I will be there
Love, only love
Can the wall someday
I will be there, I will be there

If go again
All the way, from the start
I would try to
The things that our love
Your pride has built a wall, so
That I can't
Is there really no chance
To start again?
I'm loving you

Try, baby, try
To in my love again
I will be there, I will be there
Love, our love
Just be thrown away
I will be there, I will be there

If go again
All the way, from the start
I would try to
The things that our love
Your pride has built a wall, so
That I can't
Is there really no chance
To start again?

If go again
All the way, from the start
I would try to
The things that our love
Yes, I've hurt your pride, and I know
What you've been through
You should give me a chance
This can't be the end

I'm still loving you
I'm still loving you
I'm still loving you, I need your love
I'm still loving you (I'm still loving you, baby)

I'm still loving you, I need your love
I'm still loving you, I need your love

I need your love
