WHO WANTS TO BE A MILLIONAIRE?

One of the most popular television quiz shows in the world is *Who Wants To Be A Millionaire?* It began in Britain and now can be seen in more than 100 countries. In Viet Nam, the first quiz master is Lai Van Sam.

There are fifteen questions in the quiz show. The first questions are easy but later they are more difficult. All the questions are multiple-choice questions. After you hear the question, you see four answers. Only one answer is correct. You have to choose the correct answer. If you don't know the answer to a question, there are three ways you can get help: you can ask the quiz master to take away two wrong answers; you can ask the studio audience which answer is right; or you can telephone a friend and ask for help.

The contestants answer the questions one by one from the quiz master. The contestant who can answer the last question will be a winner with the maximum award. Of course, the last question is very difficult.
