LIFE IN 14.000 BEFORE CHRIST AS A **PALAEOLITHIC HUNTER**

Human beings (live) _____ very close to nature: they (not know) _____ how to grow plants yet, so they would spend much of their time going from here to there, hunting and collecting fruits and roots. Life (be) _____ full of dangers: the cold, the hunger, the big predators… Fire (be) _____ their best ally.

Their tools (be) _____ made out of stone, bones and wood, as the flint (*silex*) arrow point that you (collect) _____ and (bring) _____ back to the present.
