14. Elena _____ goes to bed at 8:30.

Read. Circle True or False.

Whooping Cranes

There are not many whooping cranes in the world. People protect these birds and help them fly to warm places. Before the weather gets cold, cranes fly to warm places. They follow an airplane. Some journeys are more than 70 days! In the spring, when the weather is warm again, they fly back on their own.

Example: There are many whooping cranes in the world. True False

- | | | | |
|---------------|--|------|-------|
| <u> </u> | 15. Before the weather gets cold, cranes fly to warm places. | True | False |
| <u> </u> | 16. When the weather is warm, people help cranes fly back. | True | False |
| <u> </u> | 17. Cranes follow an airplane to warm places. | True | False |
