

# Deciduous or Evergreen

Complete the text with the words in the box:

Green  
Sunlight  
Needles  
Days  
Leaves  
Loses  
Evergreen  
Deciduous  
Sun

In Winter, the \_\_\_\_\_ are shorter. The \_\_\_\_\_ spends less time warming the Earth. There is less \_\_\_\_\_ for the trees to use for food. Some trees survive by losing their \_\_\_\_\_ and going to sleep. Some trees can stay \_\_\_\_\_ all Winter long.

In Winter an \_\_\_\_\_ tree keeps its \_\_\_\_\_ and a \_\_\_\_\_ tree \_\_\_\_\_ its leaves.
