

# HOW TO UPLOAD A VIDEO ON YOUTUBE

Reordering these sentences into a good Procedure Text

First, open Youtube Apps in your handphone.

You can set your video publishing as well as your targeted audience whether it's made for kids or not.

Then, click Upload A Video.

After that, click on (+) button right in the middle bottom of the screen.

The last step is, click Upload and your video is ready to be watched and shared.

You can modify your uploaded video by adding sound and text.

Write your caption or description about the video.

Choose your video to be uploaded, then click Next.
