Rick's blog

Our teacher asked us what we want to be when we grow up. I believe I would be a good engineer. I'm good at science and maths, and I think I'm good at understanding how things work, too. I'd like to come up with new ideas in my job.

My friend Mark hopes he is going to be a detective. He is interested in crime stories on the news. He is also good at solving problems.

My older sister Tina wants to be a journalist. She writes for the school newspaper and I think that she's very good at it.

I know that I want to have an interesting job. But if I don't study and pass my exams, I won't be able to do the things I want to do!
