

Answer the following questions:

Q1. Write the number of ad(s) in the space.

1. Jack lives alone. His family lives in Calgary. He needs to stay in Victoria for six months to finish a work project. His office is downtown and he spends more than 12 hours at work every day. He doesn't have time to prepare food for himself. He needs a place that provides breakfast and dinner.

Which ad is a good fit for what he needs? #-----

2. Tatyana has one teenage girl and a 10 years old son. She and her husband are looking for a house or an apartment that is close to schools and has access to public transportation. She prefers not to pay for heat and electricity and she wants them to be included in the rent.

Which ad is a good fit for what they need? #-----

3. Maysoon is a college student. She is new to Victoria and she would love to make new friends. She drives her own car from and into school, so a place with a parking spot would be ideal. She doesn't mind sharing a house with other people as long as they don't smoke.

Which ad is a good fit for what she needs? #-----

4. Marcus lives with his elderly mother and his sister. His mom is too old to take the stairs and she needs her own bathroom. He is looking for a spacious, ground floor house or apartment for his family. He can't pay more than \$2000 a month.

Which ad is a good fit for what he needs? #-----
