

Unit 3 Grammar 1

1 Read and circle *True* or *False*.

polar bear	panda	hippo	kangaroo
			
size: ●●●●○	size: ●●○○○	size: ●●●●●	size: ●○○○○
speed: ●●●○○	speed: ●●○○○	speed: ●●●●○	speed: ●●●●●

- | | |
|--|---------------------|
| 1 A polar bear is bigger than a hippo. | True / <u>False</u> |
| 2 A kangaroo is faster than a panda. | True / False |
| 3 A hippo is slower than a polar bear. | True / False |
| 4 A panda is smaller than a kangaroo. | True / False |
| 5 A polar bear is faster than a panda. | True / False |
| 6 A kangaroo is bigger than a hippo. | True / False |

2 Read and complete with comparative adjectives.

Tigers live in the jungle and they're very big. A tiger is ¹ bigger than (big) a lion, but ² _____ (small) a hippo. Lions and tigers have long tails. A tiger's tail is ³ _____ (long) a hippo's tail, but ⁴ _____ (short) a kangaroo's tail. Lions can run 80 km/h, and tigers can run 65 km/h, so tigers are ⁵ _____ (slow) lions, but they're ⁶ _____ (fast) hippos.
