MISUNDERSTOOD - BON JOVI

..... I? ..... I?
Have said the ..... things right a thousand times
If I could just ....., I see it in my mind
If I could turn back time, you'd ..... be mine

You ....., I died
I should have ..... my mouth, things headed .....
As the words ..... off my tongue, they ..... dumb
If this old ..... could talk, it'd say you're the .....
I'm ..... time when I ..... about it

chorus

I should .... all night
I would have run all the lights
I was misunderstood
I ..... like my words
Did the best I could
Damn, misunderstood

Could I? Should I?
..... for sleeping on the ..... that night
Staying out ..... late with all my friends
You found me ..... out in the yard again

You cried, I tried
To stretch the truth, but didn't .....
It's not so ..... when you think about it

chorus

I'm hanging ..... your door
I've been here .....
Misunderstood

I ..... like my words
Did the best I could
Damn, misunderstood
Intentions good

It's you and I, just think about it
