How to Make a Fruit Salad

tap here

Salad is one of the healthy dishes and also another way to meet the body's fiber. There are various types of salads and everyone's favorite is the fruit (1).....

Making a salad is not difficult and here's how to make it. First (2)..... all the fruit that will be wrong until clean. Then (3)..... the fruit into cubes or according to taste. Store the cut fruit in a closed container, then store it in the (4)..... For the sauce, prepare mayonnaise and sweetened condensed (5)..... in a 1: 1 ratio.

Next,(6)..... the two ingredients until smooth, set aside. As a side dish, grate some cheese and set aside. Take out the fruit pieces that have been stored in the refrigerator, then (7).....the sauce mixture on top. Don't forget to (8)..... cheese on top. Finally, the fruit salad is ready to be (9)..... It's a good idea to keep the fruit salad back in the fridge for a more (10)taste.
