OCEANS

CONTINENTS

ANTARCTICA

AFRICA

ASIA

Our _____ is a very, very, very big place! It is covered by water and land. It has five huge _____, where we can swim, And seven _____, where we can stand.

_____ : is the continent that has the most people. It's also the largest in size. It has the 50 highest mountains in the world— Their peaks reach high into the skies.

Second largest is _____. It's the hottest continent of all. It has the largest sandy desert in the world And animals both large and small.

If Africa's hottest, then which is the coldest? _____—but it's so very cold. It's only home to seals, penguins, and other birds. Though there's snow, it's the driest, I'm told!

And which is the wettest? It's _____! Rainforests cover much of its face. Millions of animal species live there. You'll find them all over the place!

Our Earth is a very, very, very big place! It is covered by water and land. It has five huge oceans, where we can swim, And seven continents, where we can stand.

Let's look at _____. It's the smallest of continents. The fewest people call it home. Most of its land is the bushland and outback, Where koalas and kangaroos roam.

Now on to _____. Though it's rather small, It has dozens of famous old cities. Berlin, Madrid, Paris, London, and Rome— Each city is uniquely pretty!

Last but not least is _____. It's the continent that I know best. It is the home of our own United States— A wonder from East Coast to West!

But let's not forget, there are also five oceans. Please let me be quite specific. Their names are the Southern, Atlantic, and Arctic, The Indian, and the Pacific! Our Earth is a very, very, very big place! It is covered by water and land. It has five huge oceans, where we can swim, And seven continents, where we can stand. I hope you learned something about all the continents And the names of our five oceans. Hopefully, someday you will travel to each, But only if you get the notion! Our Earth is a very, very, very big place! It is covered by water and land. It has five huge oceans, where we can swim, And seven continents, where we can stand.

Which continent we are talking about?:

- It's the hottest continent of all. _____
- It's the largest in size. _____
- Though there's snow, it's the driest. _____
- It is the wettest. Rainforests cover much of its face _____
- It's the smallest of continents _____
- Though it's rather small, It has dozens of famous old cities. _____
- It has the 50 highest mountains in the world _____
- It's only home to seals, penguins, and other birds _____
- . Millions of animal species live there _____
- It has the largest sandy desert in the world _____
- Second largest is _____
