### Our New Home

My family and I live in a big beautiful house in a great neighborhood. The house has 3 spacious bedrooms, including a master suite for me and my wife. We also have 2 children, so they each have their own bedroom. There are 2 bathrooms, one upstairs and one downstairs. It also has a modern kitchen with new stove, fridge and dishwasher.

We have a laundry room in the basement with a new washer and dryer. There is a spacious living room with lots of natural light and cozy fireplace. We also have a great big back yard. This is great because our pet dog and the children like to play outside. This summer we plan to plant a vegetable garden and flowers and maybe even put in a swimming pool.

The house is located outside of the city in the suburbs. This is perfect for us because it is located across from a park and our children can walk to school. One thing that we don't like about our home is that is far away from the city and both my wife and I work downtown. I have a 30 minute commute to work and my wife has a 45 minute commute to work on the bus. We are saving up money to buy a second car so we can both drive to work.
