I've had pretty bad experiences in the past. When I was 10 years old, I played in the pool with my father, mother and brother.

We are very happy because it is the first time to go to the swimming pool with all family members.

When I came to the swimming pool, I saw that there were various kinds of swimming pools for small children, teenagers and adults. Mom and dad told me to play in the swimming pool

for small children because the depth can still be overcome. While my brother played in the place of teenagers.

At first I was very lonely because there was no one I knew in the children's pool. Then I came to where my brother was playing and got into her pool. It turned out to be very deep and made me sink. Luckily my brother could swim and immediately saved me.

I spent my last summer holiday in Seoul, South Korea. I went there with my friends

On the first day, I was landed at Incheon Airport around 7 AM after a 6 hours long flight. Then I went to Seoul by train and checked in to the hotel I already booked. I decided to take a rest for a while. At night, I went to Hongdae, a famous district in South Korea. I went to eat traditional Korean food. On the next day, I went to the Gyeongbokgung Palace and National Museum. I also went to learn how to make Kimchi and see the scenery of Seoul from Seoul Tower. I went back to the hotel at 10 PM and immediately went to sleep.

I spent my last day in Myeongdong and bought some stuffs and souvenirs for my family and friends. I also ate the street food there. I went to the airport at 3 PM because my flight was at 5 PM. I had a fantastic experience in South Korea and made wonderful memory with my friends. It was a great trip.
