

READING ONLINE 6

I'm Katherine Baldwin. I'm an English Teacher, in Madrid, Spain. I'm a real music lover, so I listen a lot. I even listen to music when I'm doing other things. I listen to quiet music while I prepare for my classes, and I listen to exciting music when I exercise. If I don't, I get bored. At home, I listen on my computer: MP3s from my library or to online radio. Online radio is much better than regular radio because you can skip songs you don't like! I buy music online, too—singles because I don't want to listen to 12 songs in a row by the same musician. Do you know what I hate? Big concerts in an arena where you can't see the musicians. I prefer shows in small clubs.

Read the following statements. Choose A, B or C for each sentence, based on information in the Reading.
