Listen and complete the dialogue. One word in each gap.

Jack: Hi, Pauline. What's your project for Environment Day. Where are you going on (1)_____?

Pauline: I'm going to the park on Environment Day.

Jack: Who's doing the (2)_____ with you?

Pauline: Lauren, Mike and Susan.

Pauline: We're going to clean it up. We're going to (3)_____ up all the paper and bottles on the ground.

Jack: Don't you think that'll be difficult?

Pauline: I'm sure it won't be easy. People leave a lot of (4)_____ at the park every weekend, and I'm sure it'll take a long time to clean up everything.

Jack: What are you going to do after you pick up all the rubbish and (5)_____it all out?

Pauline: We'll probably take the paper and bottles from the park to the recycling centre, but if the weather's nice, we'll (6)_____some flowers first - probably some pink roses. If it (7)_____, we'll go directly to the recycling centre.

Jack: Oh, then maybe I'll see you at the recycling centre. Charles and I are going there. That's our Environment Day project.

Pauline: What are you going to do there?

Jack: Someone donated a lot of old clothes. We're going to help them (8)_____ them. Why are you laughing, Pauline?

Pauline: The old clothes are probably my sisters' clothes.

Jack: Really?

Pauline: Yes. They had a lot of clothes in their cupboards and they never (9)_____ them. So my mum suggested that they take them all to the recycling centre. She drove my sisters and all their old clothes to the recycling centre - twice! There wasn't enough room in the car for everything.

Jack: According to my teacher, there are about 15 (10)_____of clothes at the centre. Those can't all be your sisters' clothes, can they?

Pauline: Oh yes, they can! You don't know my sisters, Jack!
