How You Remind Me

Nickelback

..... made it as a wise man
I couldn't cut it as a poor man stealing
Tired of ..... like a blind man
I'm sick of sight without a sense of .....
And this is how you remind me

CHORUS

This is how you remind me
Of what I really am
This is how you remind me
Of what I really am

It's not like you to say .....
I was waiting on a different story
This time I'm .....
For handing you a ..... worth breaking
And I've been ....., I've been down
Been to the ..... of every bottle
These five words in my head
Scream: Are we having fun .....?

Yet, yet, yet, no, no
Yet, yet, yet, no, no

It's not like you didn't ..... that
I said I love you and I ..... I still do
And it must have been so bad
..... living with me must've ..... near killed you

CHORUS
