

A TRAVEL APP TO RECOMMEND

John	<p>I recently visited Berlin. Before I set out, I had used GreatTravel to plan a route and find accommodation. The app even suggested how to pack my bag. Thanks to GreatTravel, I had an amazing trip!</p> 
Mara	<p>My friend and I went backpacking in France. We had planned to go camping. But on the first night, we didn't even have time to build a campfire. By the time we put up our tent, a storm had begun. Luckily, I had internet on my phone, and thanks to GreatTravel, we found a hotel and spent the night there!</p>
Louise	<p>I used GreatTravel to find a campsite in Italy. The signposts on the trail weren't in English, but thanks to GreatTravel, I didn't get lost. Not only that, I had unfortunately left my sleeping bag at the airport, and GreatTravel helped me locate some travellers with an extra sleeping bag!</p>
Frank	<p>On our holiday, we crossed the ocean by boat and arrived at the port in Lisbon around midnight. The last bus had already left by then. I never hitchhike, but thanks to GreatTravel, I found a ride with another GreatTravel member so I felt safe.</p>
