Collega ogni figura alle misure e al calcolo che serve per trovare il perimetro accanto alla freccia.

Anche questa volta le misure sono state inventate, ma stai attento alle unità di misura usate! Possono cambiare e tu dovrai fare una equivalenza a mente!

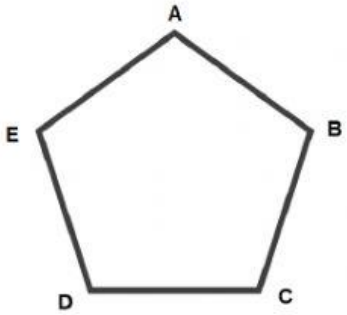

Alla fine ricordati di inviare il tuo risultato alla mia mail

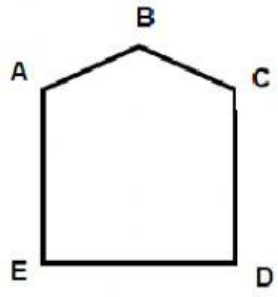

AB = BC = CD = DE = EA = = cm 10 → **P = mm**

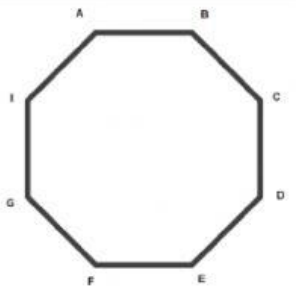

AB = BC = CA = cm 2,5 → **P = mm**

AB = BC = CD = DA = mm 35 → **P = cm**

AB = BC = cm 1
CD = DE = EA = cm 1,5 → **P = cm**

AB = BC = CD = DE = EF = FG = GI = IA = cm 50 → **P = m**
