

Listening: Paper books better than eBooks for bedtime stories

<https://breakingnewsenglish.com/1903/190328-paper-books.html>

Technology may seem unstoppable, but _____ devices might not _____ the traditional paper bedtime book. A new study shows that paper books are _____ than e-books at bedtime. It suggests that _____, with real pages that you turn with your fingers, make parents and children _____ more than when reading with an _____ book. Researchers studied how _____ pairs of parents and toddlers interacted with e-books and paper books. They found that parents asked their children fewer _____ and made fewer _____ about the story with eBooks.

Researchers _____ parents reading 3 different book formats to young children. These were _____, basic eBooks, and e-books with features such as animation and sound effects. The researchers _____ that the parents and toddlers interacted with each other less with the _____ books than they did with the printed books. A researcher said that _____, talked about the _____ and the technology rather than about the _____. Children said things like, "don't push that _____" or "don't change the volume" rather than ask questions or make comments.
