

Pierre the Penguin

After watching the video, answer the questions:

1. Where did Pierre live?
2. What was wrong with Pierre?
3. Why couldn't Pierre swim?
4. How does Pam help solve Pierre's problem?
5. How do you think Pierre feels during the story? Why?

6. Look at the cards and order the story:

 An African penguin named Pierre lived in a museum in California.	 One day, an aquatic biologist named Pam noticed Pierre had lost his feathers.	 Pam tried to use a heater and give Pierre pills, but they didn't work.
 Pierre wouldn't swim because he was too cold.	 The other penguins brayed at Pierre because they were scared of him.
