

My Country

I come from Britain. Britain is a small country. It is in Europe. The capital city is London. It is a big city. The prime minister is Boris Johnson. In Britain we speak English and lots of other languages. We eat lots of different food like meat, fish, potatoes, bread, rice, fruit and vegetables. I like Britain because my family live here and it's not too hot.

My Country

Write  and choose

- I come from
- is a **big / small** country.
