Determine adverbial and action verb (language features) in procedure text

Name :

Class :

Instruction : Put the word in to the blanks (Drag And Drop)

Words Box

Finally

heat

Afterwards

wash

cook

Steps :

- First, _____ the cobs and then comb or separate the corn kernels from the cobs using a knife. Set aside the kernels.
- Next, _____ 3000 ml of water along with ginger (if using) in a saucepan until boiling.
- _____, add the shelled corn and cover the pan. Cook until the corn is cooked, which takes approximately 15 minutes.
- If using canned sweet corn, simply add it at this point because it is already ripe.
- Then, add the sliced spices and _____ over medium heat until fully cooked, approximately 3 minutes.
- Following that, add the peeled shrimp and cook until it changes color.
- After that, season with salt, sugar, and lime juice.
- Subsequently, add the grated coconut, tomato slices, and green onions.
- If necessary, taste and adjust seasoning by adding salt or sugar.
- _____ before serving, add the basil leaves and shredded fish. Remove from heat.
- It is highly recommended to serve hot.
