

My Family

This is my family. I took this picture in 2003 just after I graduated from university. I was 21 years old. The next day I went to Russia.

On the left is my grandad. My dad is sitting next to him. He is wearing a black t-shirt. My brother, Joe, is sitting in between my dad and my sister, Rosie. My sister, Emily, is wearing a red t-shirt. Now she is married. Emily is standing next to my brother, David. My mum is standing next to my brother and my gran.

It is summer so we are having a barbeque. We are eating lots of delicious food. We are feeling happy because we are all together, and we are talking together.
