**1 Read the online chat and circle the correct alternative.**

1 Sara and Kylie decide to go to the *cinema/shopping centre*.

2 They decide to meet *in/outside* Mojo's in *half an hour/an hour*.

**Chat**

**Sara** Hi ... Are you busy?

**Kylie** No, not really. I'm doing my homework. Well, I'm not doing my homework really. I'm surfing the Internet and looking at clothes. I'm looking for something to wear to the party next weekend.

**Sara** Are you alone?

**Kylie** No, Mum's in the living room. She's watching a film on TV. Dad isn't here. He's playing tennis.

**Sara** What about Cole?

**Kylie** He's at the shopping centre. He's buying a present for Mum's birthday. And a cake, I hope! What about you?

**Sara** I'm in my room, listening to music and chatting to you! Mum and Dad aren't here. They're visiting my grandparents and Chris is playing computer games in his room.

**Kylie** Hey, do you want to go to the shopping centre? There's a sale on at Mojo's. 50% off! Look, I'm sending you the link now. Can you see it?

**Sara** Yes! I can't believe it!!

**Kylie** Perhaps I can find a dress to wear to the party. The sale's only for today so we need to go this afternoon.

**Sara** OK. I need some new jeans too. Maybe they have some jeans in the sale!

**Kylie** Let's meet at the shopping centre in half an hour. Outside Mojo's.

**3 Read the notices. Which notice does Kylie send to Sara?**

Notice: .....

**4 Which notice (A–G) says this (1–5)?**

1 You don't pay for one when you buy three. .....

2 This is cheap because it isn't new. .....

3 You can go shopping at any time. .....

4 The price is low when you buy in a different way. .....

5 It isn't possible to eat here. .....
