HOLLYWOOD

Hollywood is famous for its film studios and for big, exciting films such as *Star Wars*, *Titanic* and

The Avengers. A lot of people live there too. But it was very different in the past.

In 1900, Hollywood was a small village near Los Angeles. There was a post office, a hotel, two shops – and 500 people. In 1911 there was also a police station and a little film studio. The film industry was new, and films were very popular. A year later, in 1912, there were fifteen studios in the town! Hollywood wasn't a quiet

little town any more. It was full of actors, and there were restaurants and cinemas.

Today, Hollywood is part of Los Angeles. There are busy shopping centres, modern hotels and theatres. Millions of tourists visit Hollywood every year, and many go to Universal Studios. It's a large theme park and a real film studio. Hollywood is very different from the small village of the past!
